

Hello NVDO Crystal City patients,

We offer complimentary, 2-hour parking at any of the Crystal City Shops parking garages. The closest lot to our office is the Crystal City Shops Parking Garage on 20th street. *Please be aware that we no longer validate at the Marriott Hotel Guesting Parking.* If you go over your 2-hour time allotment, please note that the parking garage only accepts credit card payment.

The Crystal City Shops parking garage for 1800 are on 20th street.

If you are traveling from Route 1:

1. Turn onto 20th street (it is a stop light).
 - If traveling from Alexandria, turn right on 20th
 - If traveling from 395 turn left off onto 20th.
2. On 20th, the garage will be immediately on your left, next to the Crystal City Marriott Garage.
3. Although it says “Permit Parking Only,” you CAN (and should) park here.
4. You will also see a sign for our office as you enter the garage on the driver's side wall.
5. Drive down the ramp, you will pass the Marriott loading dock.
6. Once you get to the ticket dispenser, take a parking ticket.
 - Please bring that ticket in with you for validation.
7. After you receive a parking ticket, continue down the ramp follow the road to the right.
8. Take a right at the 2nd row of parking. You will see signs that say “elevators and *Synetic Theatre.*”
9. You can then park anywhere convenient as the elevators to our office will be on your right.
10. Once at the elevators you will take the elevator to level C (one below lobby level).
11. Our office is located a few feet off of the elevator at level C.

If you are traveling from Bell St or Crystal Drive:

1. Turn onto 20th street (it is either a stop light or a stop sign).
 - If traveling from 18th street, turn right on 20th
 - If traveling from 23rd street turn right or left off onto 20th (there is only one way to turn depending on which direction you are traveling).
2. On 20th, the garage will be at the end of the street right before route 1 on your right, next to the Crystal City Marriott Garage.
3. Although it says “Permit Parking Only,” you CAN (and should) park here.
4. You will also see a sign for our office as you enter the garage on the driver's side wall.
5. Drive down the ramp, you will pass the Marriott loading dock.
6. Once you get to the ticket dispenser, take a parking ticket.
 - Please bring that ticket in with you for validation.
7. After you receive a parking ticket, continue down the ramp follow the road right.
8. Take a right at the 2nd row of parking. You will see signs that say “elevators and Synetic theatre.”
9. You can then park anywhere convenient as the elevators to our office will be on your right.
10. Once at the elevators you will take the elevator to level C (one below lobby level).
11. Our office located a few feet off of the elevator at level C.

If you cannot find the closest Garage:

We can validate for any of the Crystal City Shops garages (however not for any of the hotels, including the Marriott!). If you are having difficulty, there is a second garage for 1800 on 20th street. The entrance is halfway between Route 1 and Crystal Drive. If you enter this garage, take an immediate left once you enter the garage and drive until you arrive at parking spots directly in front of you. Two rows beyond those spots is the elevator referenced above. Follow steps 9-11 above.

If not that garage, any other Crystal City Shops garage will work, however they can be very far from our office and finding us in the underground may pose a challenge. For reference we are located about half a block from the metro, in the Crystal City underground.

Exiting the Garage:

When you are leaving the garage, you will go back to the same Parking Kiosk and insert your ticket on the "Exit" lane. If you stay in Crystal City for lunch or other engagement after your appointment, please note that we only validate for the time you are in our office. Any overage must be paid with a credit card (no cash!) at exit only.

Questions?

If there are any questions on how to get to this parking garages, please contact the office at (703) 413-1400.

Thank you,

Northern Virginia Doctors of Optometry
