

February 12, 2024

Dear Patients,

It is with great excitement that I write to announce the merger of Rosslyn Eye Associates with Northern Virginia Doctors of Optometry (NVDO). NVDO is a locally-owned private practice that has been providing quality eye care across Northern Virginia for over 40 years. NVDO comes with a team of 12 highly-qualified optometrists and 6 additional offices in Reston, Falls Church, Alexandria, Crystal City, Clarendon, and Berryville.

This union with NVDO will allow you to have access to any of the specialty clinics currently provided by NVDO, such as specialty contact lenses, low vision, vision therapy, and sports vision. I will continue to see patients Monday through Friday. Join me in welcoming Dr. Luke Hubert into the practice. He will be available to see both new and existing patients. Additionally, if any of the other locations are more convenient for you, your records will be accessible at all the offices and you will continue to be in great hands with any of the other NVDO optometrists.

Rosslyn Eye Associates will be providers of the vision plans EyeMed and Vision Service Plan (VSP). Also accepted will be major medical insurance plans including Aetna, CareFirst, BCBS FEP, Cigna, Tricare and United HealthCare. Please call the office to verify insurance benefits coverage.

We will continue to provide you with the latest technology and "Uncompromising Quality in Eyecare and Eyewear" that you have come to expect. We look forward to seeing you, your family and friends! To learn more about NVDO, please visit [www.novaeyedocs.com](http://www.novaeyedocs.com)

Very Sincerely,

David Weiss, O.D.
